

PROPOSALS ARE TOUGH. WE CAN HELP.

Wicked Point® MS Word Template Automation Highlights

REDUCE MULTI-STEP TASKS TO A SINGLE CLICK

Our custom task ribbons automate repetitive and complex Microsoft Word tasks to ensure quality and consistency while yielding significant time and cost savings.

Lorem ipsum dolor sit amet, ei aliquip scripta dolorem eam. No probo veritus mei. Ut mundi diceret singulis pro. Cu sit diam saepe, sea putent signiferumque ea. Legimus invidunt mel in. Ne labitur fierent pro, no

AAA
Rapidly update all style fonts

Instantly update element colors

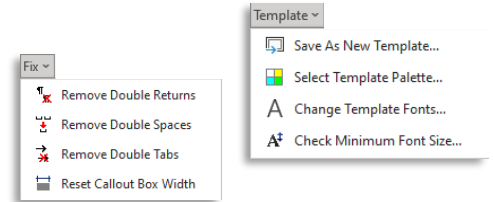

Easily apply styles and insert indices

Quickly perform formatting "fixes"

Retain formatting while merging files

Implement only the functionality your organization requires:

- Choose from an extensive catalog of already developed functions*
- Tailor existing functions* to business needs (colors, styles, etc.)
- Request custom functions* to meet unique requirements/processes

*Most functions require a comprehensive template with a defined style hierarchy. Wicked Point can help develop one if it does not already exist or requires improvement.
